Enablers and Barriers for Successful Transition from Childhood to Adulthood

The holistic view taken of the adolescent transition period is why we have set up a multi-professional, international research team. This collaboration is not the work of one person. It is teamwork with many participants to whom we are very grateful.

"Get together event" on the evening of 18th of June 2017.
Book the dates already now! We are looking forward to meet you at the conference!

More information about the conference theme, sub-themes and instructions for submitting an abstract is found on our website: <http://istar.ws/conferences/2017-boras-sweden>.
